INTRODUCTION

Founded in the UAE in 1999, Standard Carpets has been driven by our mission to provide excellent value for money through innovative products of consistently superior quality, backed by efficient service and committed support staff. Specializing in solution-dyed synthetic broadloom carpets and carpet tiles, in just 20 years we have become the largest manufacturer of carpets in the Middle East/UAE and the only manufacturer of polyurethane backed carpet tiles in the Middle East, with an export market spanning more than 60 countries. With our unrelenting drive for innovation and quality, we harness the latest in carpet manufacturing technology and equipment, including an in-house yarn extrusion and twisting unit, as well as state-of-the-art pattern-making, tufting lines and finishing processes.

Our Vision

Our achievements are backed by our beliefs.

Founded in 1999 and proudly headquartered in the UAE, Standard Carpets is driven by a purpose to provide value for money with innovative products of a consistently superior quality, backed by efficient service and a committed support staff. We strive to become the leading supplier of carpets globally.

Our Mission

At Standard Carpets, we seek to find new ways to serve our customers better, every day.

Our vertically integrated facility, allows us to deliver as per our customer's demands. That's why our carpets are:

- High performance solution dyed tufted carpets

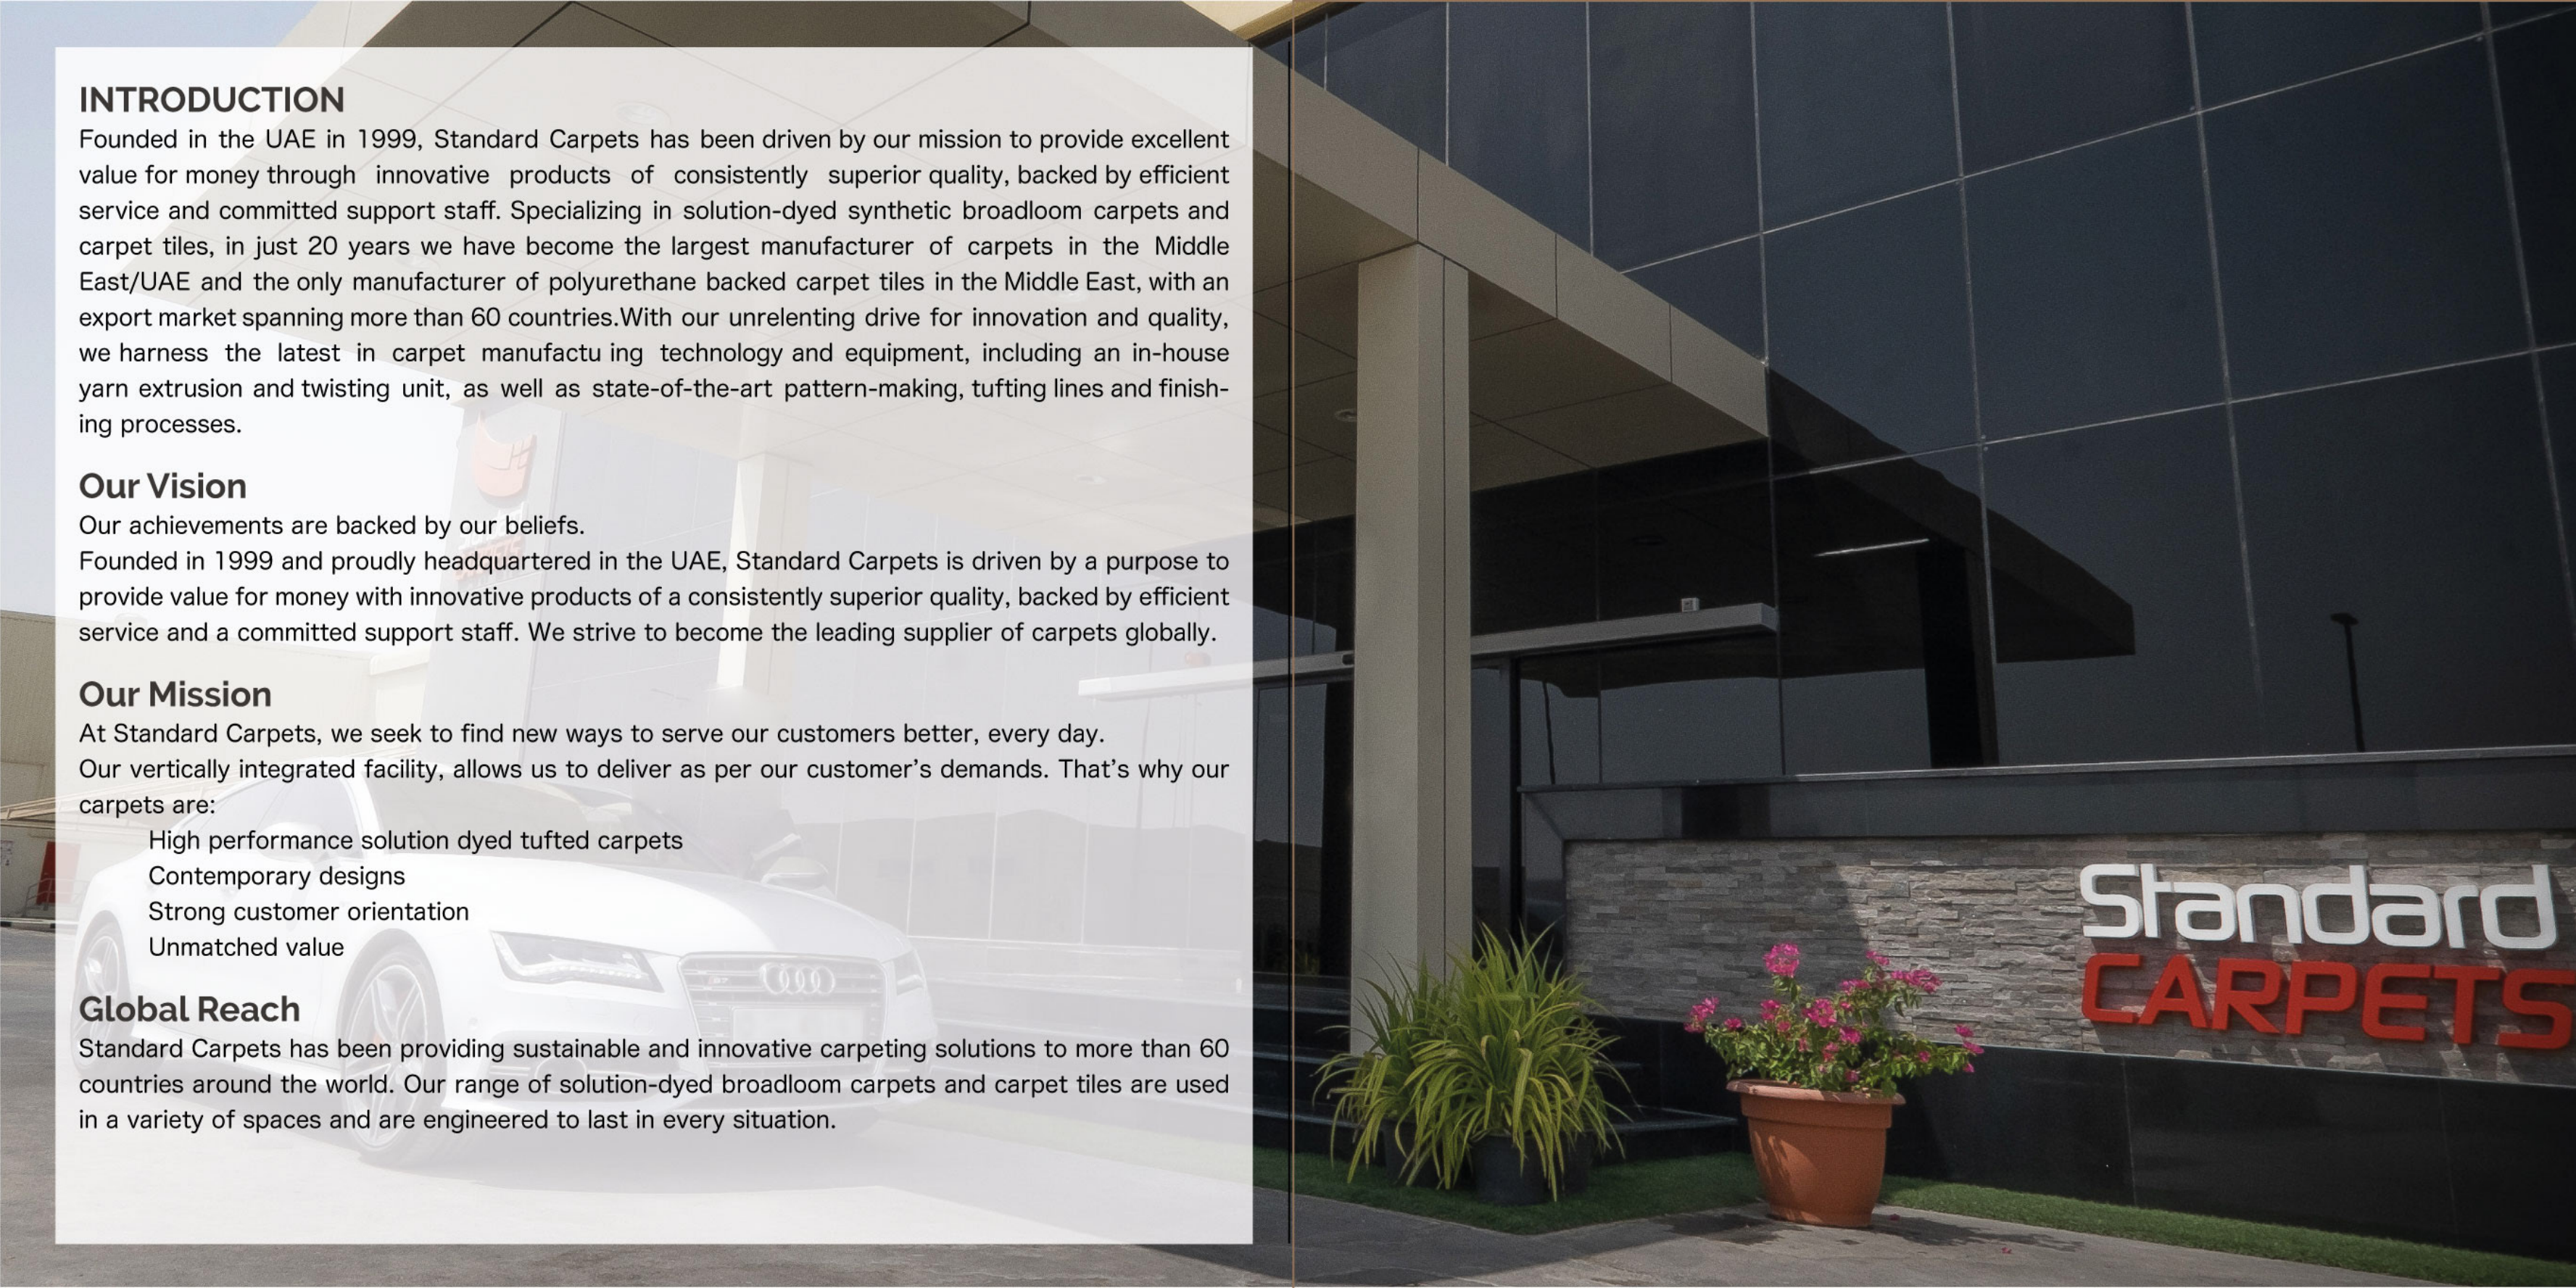

- Contemporary designs

- Strong customer orientation

- Unmatched value

Global Reach

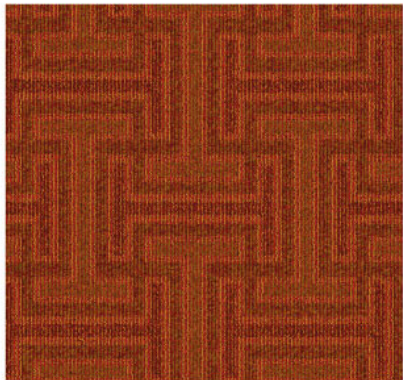

Standard Carpets has been providing sustainable and innovative carpeting solutions to more than 60 countries around the world. Our range of solution-dyed broadloom carpets and carpet tiles are used in a variety of spaces and are engineered to last in every situation.
